

III Session 2019-2020

May 4-5, 2020

MASTER ON MINIMALLY INVASIVE AND ROBOTIC PEDIATRIC SURGERY

Bologna, Italy

December 4-5, 2019

February 3-4, 2020

May 4-5, 2020

October 5-6, 2020

Department of Pediatric Surgery
Bologna University
Minimally Invasive
and Robotic Pediatric Surgery Center
S.Orsola Hospital - "Gozzadini"
Via G. Massarenti 11 - Bologna, Italy

ALMA MATER STUDIORUM
UNIVERSITÀ DI BOLOGNA

Scientific Program 3rd On-line Session - May 4-5, 2020

Monday, 4

- 9.00 *Thoracoscopic approach for esophageal atresia* (D. Van Der Zee) (30')
- 9.30 *Thoracoscopy for long-gap esophageal atresia using internal traction* (D. Patkowski) (30')
- 10.00 *Thoracoscopic management of tracheomalacia* (D. Van Der Zee) (30')
- 10.30 *Thoracoscopy for congenital diaphragmatic hernia* (D. Patkowski) (30')
- 11.00 *Diaphragmatic plication* (P. Philippe) (30')
- 11.30 *Laparoscopic correction of duodenal atresia* (D. Van Der Zee) (30')
- 12.00 *PIRS technique for laparoscopic inguinal hernia repair in children* (D. Patkowski) (30')

Live MIS and Robotic surgery

- 14.00 *Laparoscopic Robotic Assisted Pyeloplasty* (B. Chertin) (30')
- 14.30 *Minimally invasive management of vesico-ureteric reflux (vesicoscopy)* (P. Philippe) (30')
- 15.00 *Laparoscopic Robotic Assisted Reimplantation* (B. Chertin) (30')
- 15.30 *Pyeloplasties and allied procedures (uretero-ureterostomies)* (P. Philippe) (30')
- 16.00 *Unusual use of laparoscopy* (P. Philippe) (30')
- 16.30 *Endoscopic correction of VUR. How to avoid complications* (B. Chertin) (30')

Tuesday, 5

- 9.00 *Patient-specific anatomy and surgical simulation* (L. Soler) (30')
- 9.30 *Vesico-ureteral reflux: Lich-Gregoir technique* (F. Varlet) (30')
- 10.00 *Augmented reality and surgical robotics* (L. Soler) (30')
- 10.30 *Wilms tumor* (F. Varlet) (30')
- 11.00 *Uptodate varicocele* (M. Cimador) (30')
- 11.30 *Ureteral polyps* (F. Varlet) (30')
- 12.00 *Seminal cysts* (F. Varlet) (30')

Live MIS and Robotic surgery

- 14.00 *Minimal Access Surgery in Necrotising Enterocolitis and Volvulus Neonatorum* (G. A. Mackinlay) (30')
- 14.30 *Pyloric stenosis* (L. Fourcade) (30')
- 15.00 *Laparoscopic excision of choledochal cyst* (G. A. Mackinlay) (30')
- 15.30 *Laparoscopy in non palpable testes* (M. Cimador) (30')
- 16.00 *Robotic pediatric thoracic surgery* (L. Fourcade) (30')
- 16.30 *Robotic procedures: short didactic videos* (L. Fourcade) (30')
